

**Answers to Questions Submitted for Upward Talent Council/Michigan Works Monitoring RFP
Wednesday, August 15, 2018**

- A. Will the monitor be expected to visit each of UPWARD's 14 Service Centers? Or is a central location identified to review files?
1. The monitor will be expected to visit all 14 service centers, however travel to the largest center in each of the four subregions will likely be necessary at some point during the contract period. The location of these centers are: Houghton, Marquette, Escanaba, and Sault Ste. Marie
- B. What is the proposed length of this proposal if award?
2. We anticipate a one-year contract to be awarded from this RFP, however we are open to negotiating varying contact terms at the bidders' request.
